

## **TIVERTON T.A.G.B. NEWSLETTER** **MAY '08**

### **GRADING**

Well done to all those of you that passed the pre-grading, now you need to be practising at home and hitting the theory books. Don't forget that our website [www.tivertontkd.co.uk](http://www.tivertontkd.co.uk) has all the theory for your grade (10<sup>th</sup> kups, your theory is in your starter pack).

The date of the grading is Wednesday 14<sup>th</sup> May at the High School Gym (please ask for directions) and we will be starting at the slightly earlier time of 6.45pm.

Therefore, could all students who are grading, please, be at the gym for 6.15pm. This will allow time to sort out any last minute paperwork and give you the opportunity to run through everything. The warm-up will start at 6.30pm.

Mrs. Daniels will need the grading fee of £24.00 by Monday 12<sup>th</sup> May. Also, any white belts will need to let Mrs. Daniels have three passport photos for their licence book and grading card.

### **SQUAD SPARRING TRAINING**

Next session is on 21<sup>st</sup> June and the time is 10.00am to 12.00 noon at the Bristol Academy. The cost is £3 per student and it is open to all red and black belts.

The object of these sessions is to pick teams to compete at Regional and National level. If you fancy giving it a go, come and speak to either Mr. or Mrs. Daniels and they will give you directions to the academy.

They are also a fantastic opportunity to train under the TAGB's highest ranking instructors who have many years experience in training competitors at the highest level.

### **COMMUNITY CENTRE DEMONSTRATION**

Don't forget the demonstration on the 31<sup>st</sup> May. This is for the official opening of the Community Centre and will be part of the Fun Day that has been organised. We have seen the list of activities planned for the day and it looks really good. There are lots of stalls and a bouncy castle for the children plus displays from all the users of the centre. We will be practising quite a lot for this over the next few weeks so, please, let Mrs. Daniels know whether you are able to attend.

### **And finally...**

That's about it for this month apart from welcoming all of the new students that joined us during the course of April. We hope you will enjoy training with us and if anyone has any questions about anything, please don't hesitate to ask
